DINING

EPIC ROASTHOUSE—American. The first new construction permitted on the San Francisco waterfront in more than a century, Epic occupies a grand yet cozy space with unparalleled views. Chef/co-owner Jan Birnbaum presides over the custom-built wood-fire hearth and wood-burning oven, turning out solid food, from the best burger this side of the moon to give-me-more popovers to a virtually unfinishable chocolate soufflé. Serves lunch M-F, dinner nightly, brunch Su. www.epicroasthousesf.com. 369 The Embarcadero, 415.369.9955. \$\$\$ **Map 1, F5**
